
Intern/Trainee (d/f/m) EU Services

Fulltime (40h/week) | Location Brussels | Duration: 6 months | immediately

to support our team in the Business Unit **Economy Innovation Region** and our **Competence Centre for EU Services**. Dynamic, international team based in the centre of the EU district in Brussels; working on key drivers of our future (digital & green transition, etc.).

If you want to make the right decisions today for tomorrow, you need a solid foundation. Prognos AG - one of the oldest economic research companies in Europe - provides them. For 60 years we have been supporting private companies, associations, foundations, and public clients in developing viable strategies for their future - through research, consulting, and support. We are always on the lookout for analytical and creative thinkers who are interested in actively shaping our future.

Working at Prognos: what can you expect?

As part of one of our teams, you promote movement and change in society, business, and politics - fact-oriented and politically independent. We pay particular attention to an appreciative, collegial, and motivating corporate culture. More about us as an employer: www.prognos.com/karriere

Your tasks

You will support our Business Unit in the following fields:

- European Structural and Investment Funds (especially ERDF) and other EU instruments
- Smart Specialisation Strategies (S3), innovation policy, cluster policy
- Evaluations and impact assessments of EU and national funding policies/programmes, market, industry, and regional analysis
- development and delivery of accurate, timely, and high-quality products and services to our client: development of research, evaluation methods, performing quantitative/qualitative data analysis, preparation of reports and presentations

Your profile

- You hold a graduate degree or will soon graduate in economics, public policy, economic geography or related disciplines with a strong regional economics background.
- Moreover, you have gained first specific professional experience through internships or the like in the areas mentioned above.
- You are an experienced user of MS Word, PowerPoint and Excel; knowledge about additional software tools is beneficial (e.g. SPSS, QDA software, etc.).
- You have excellent verbal and writing skills in German (must have) and English; additional European languages would be advantageous.
- You are a team player with a positive work ethic.

You would like to become part of Prognos and apply?

Please provide your application to our web-portal: www.prognos.com/bewerbung. Please mention the **reference no. WIR-10** and stating the possible date of entry.

We value diversity and therefore welcome all applications - regardless of gender, nationality, ethnic and social origin, religion and ideology, disability, age, sexual orientation, and identity.
